281. Subject. - Clause xii of the schedule.

Estimates for the construction of a building in connection with the conversion of the Female Dispensary at Chickmagalur into a Maternity Hospital.

OPINION OF THE COUNCIL.

The estimate for Rs.23,800 may be sanctioned, the cost being shared equally between the Government, the Municipality and the District Board. Funds may be provided in the next year's budget and work may be commenced next year.

to come out of the P.W.Department grant and that Department may be consulted, if necessary. As far as I can see the grant for original works in 1921-22 will be extremely limited and I fear that enough ---- money will not be available even for incomplete works The starting of new works will only cause embarrassment and both under Revenue and Capital we have already enough of commitments and any addition to their number will only make the position worse. There is always a limit to the additions that can be made to the budget of any year on account of new items of expenditure and when the situation is one of a large annual recurring deficit, it is simply out of t h e question to think of making additions to future budgets. When it is proposed to provide funds in the budget of any year, it is necessary to make sure --- that such addition is possible.

Final Note by the Third Member of Council.

Subject:-

Estimate for the construction of a building in connection with the conversion of the Female Dispensary at Chikmagalur into a Maternity Hospital.

---

24) In Government Order No.7271-8/Med.48-17 dated 29th June 1918, B the female dispensary at Chikmagalur was ordered to be converted into a small maternity and the Chief Engineer was requested to take necessary action for the preparation of plans and estimates for the additional buildings required and the Deputy Commissioner, Kadur District was requested to see that the shares payable by the District and Municipal Boards towards the construction of the additional buildings are provided for in the respective budgets.

25) 2. With reference to the above order the President, District Board Z Kadur, forwarded 3 estimates, one for making additions to the existing & its enclosures main building at a cost of Rs.20,400,/for constructing a separate outpatients' dispensary of the old design costing Rs.20,340/- and another a 3rd for constructing an outpatients' dispensary of the new type at a cost of Rs.23,800/-.

26) 3. The 3rd of the above estimates was considered to be advantageous Z by the Senior Surgeon and he submitted for sanction plans and detailed estimates for the same.

27) 4. The Municipal Council of Chikmagalur and the District Board of X & Y Kadur have each agreed to pay (this year only) their quota of the cost, viz $\frac{1}{3}$rd, towards the construction of the building.

28) 5. The matter was considered in Council on 10th February 1921 and Para 6 of office Notes it was resolved that the estimate for Rs.23,800/- may be sanctioned, the cost being shared equally between the Government, the Municipality

12

and the District Board and that funds may be provided in the next year's budget and work may be commenced next year.

29/ 6. The Financial Secretary points out that under the present conditions it is improbable that the Public Works Department would be able to find funds for this new work. But the Government share of the cost amounts only to about Rs.8,000/- and if it is not possibl to make this sum available from the next year's grants, provision may be made for this expenditure in the Budget for 1922-23, the work being started in the mean time out of the contributions to be made by the District Board and the Municipality. Though the scheme was sanctioned nearly three years ago, it has not materialised yet and further delay in its execution is undesirable.

30/ 7. I solicit the gracious approval of His Highness to the above resolution of the Council.

MEMBER OF COUNCIL.

NOTE—Contn. sheet.

stated to have agreed at their meeting held on the 30th January 1920, to bear the Municipal quota of all expenditure.

Under the circumstances I request the sanction of the Government in the Administrative Department to the plan and estimate marked III, and costing Rs.23,800, and the issue of necessary instructions to the Public Works Department to take up the work at an early date.

The apportionment of the cost, i.e., whether it is to be half to Government and half to the local bodies (District Board and Municipality together), or the State, District and Municipal Funds have each to bear a third of the cost) is a matter for the orders of Government.

I have the honor to be,

Sir,

Your most obedient servant,

Offg. Senior Surgeon.
